WAGHONDJIES
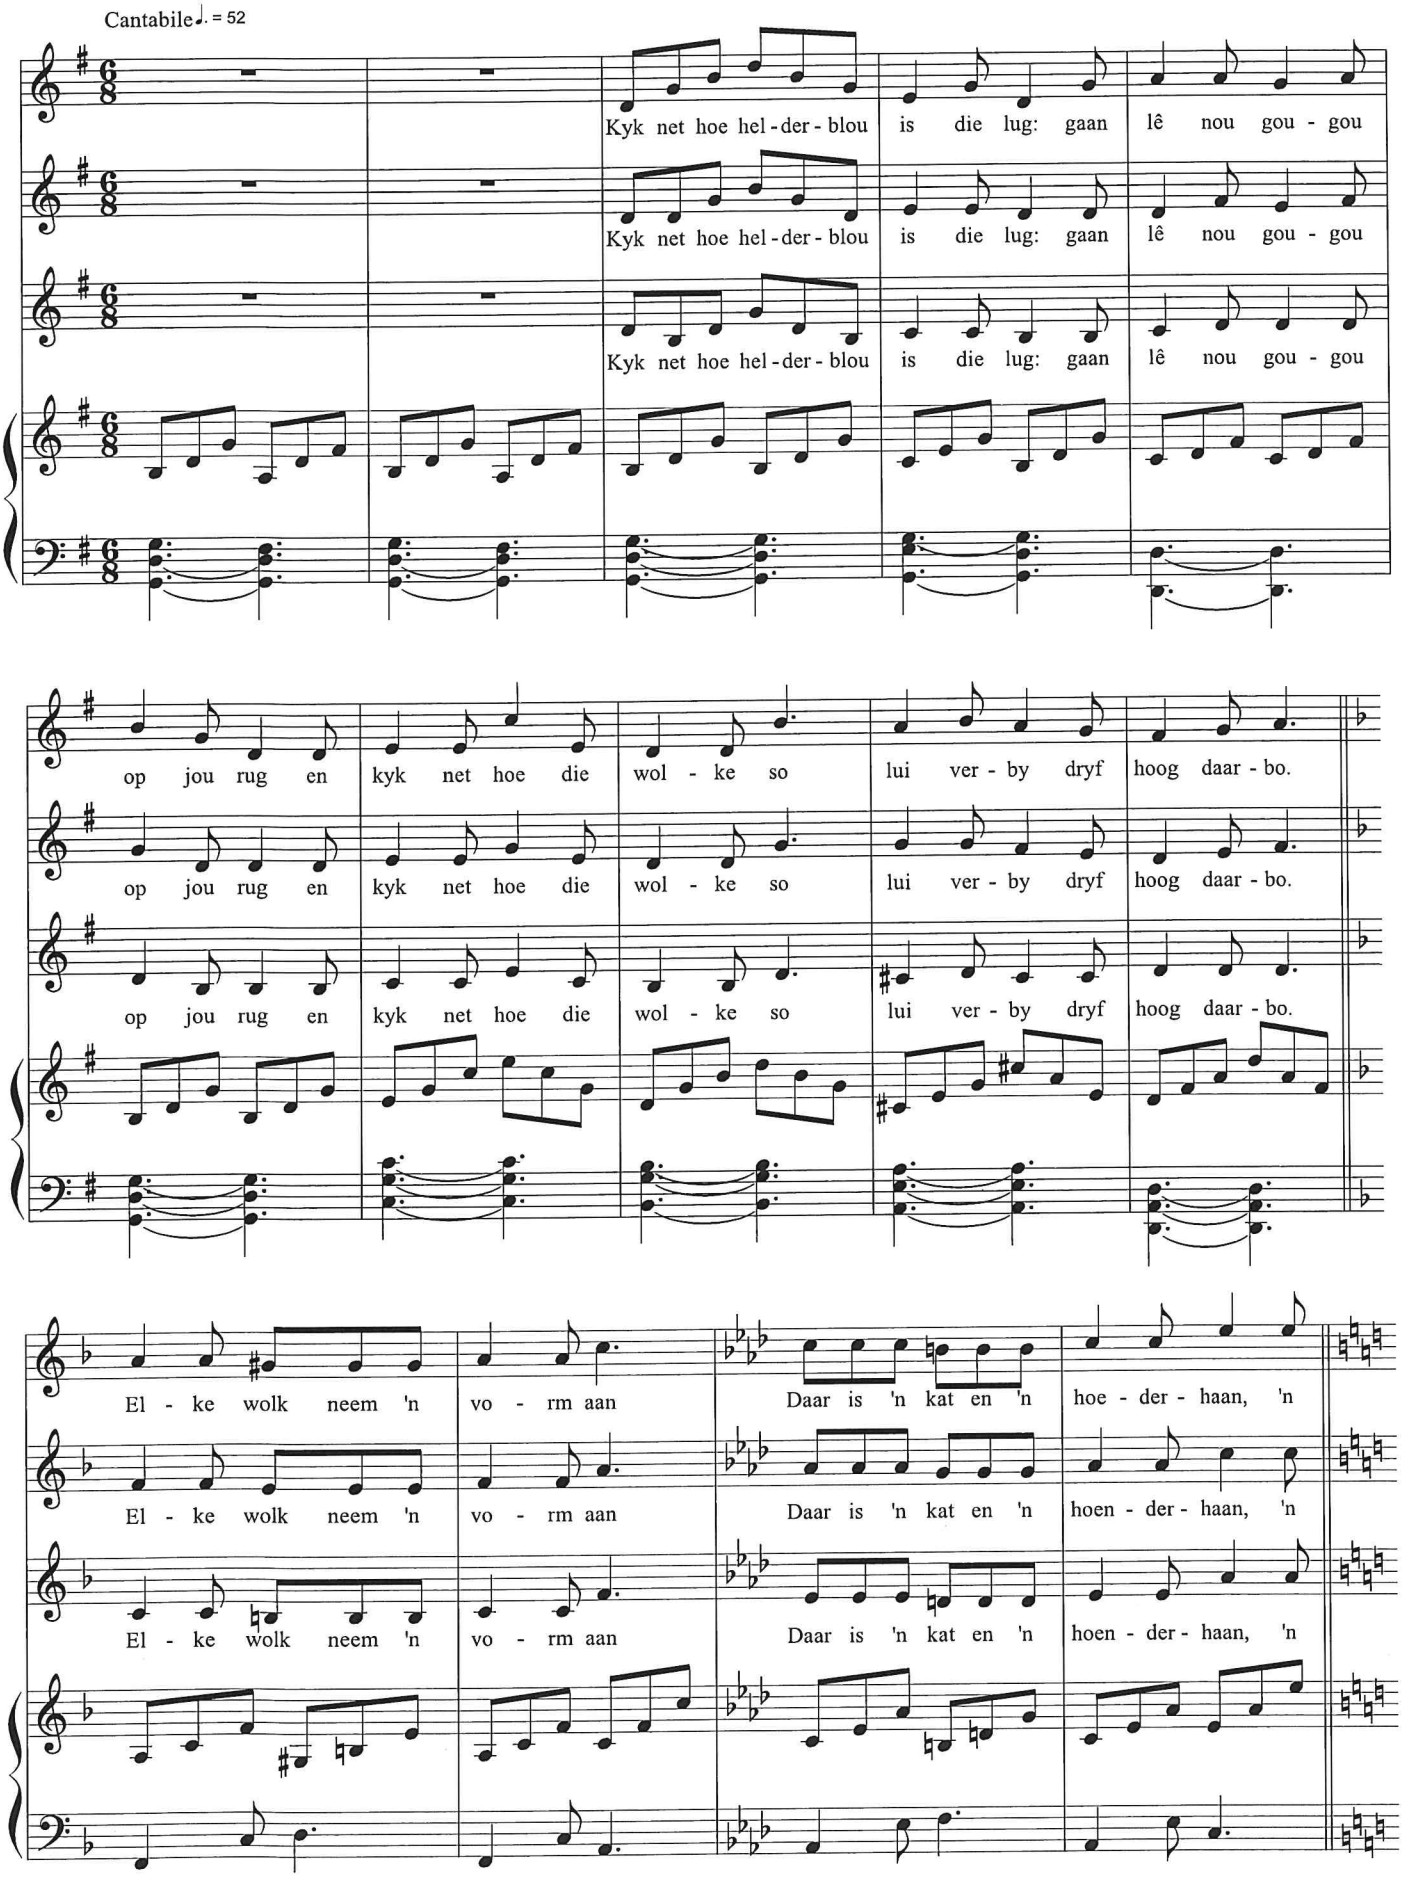

Woorde : Jan F.e.Cilliers
Musiek : Dalene Brits

Die baba-hondjie is hier aan die woord : baie parmantig, maar ook baie vaak. Die r-klanke word oordrewe gebruik om sy knorrigheid te illustreer, so ook die aa-klanke wat sy gape uitbeeld. Hier en daar is staccato-note om sy klein blaffies aan te dui.

LYS VAN KOORWERKE DEUR **DALENE BRITS** VIR 1-STEMMIGE LAERSKOOLKOOR

Koorwerke mag gratis bekom word, maar SAMRO moet ingelig word van alle uitvoerings aangesien ek by hulle geregistreer is. Koorleiers kan die volledige partiture by my bestel by : gmk@telkomsa.net

DIE BANG SPOKIE - P. Swanepoel
Vrolike vertelling van 'n klein spokie wat iemand vir die eerste keer moet skrikmaak, maar hy is self so skrikkerig dat hy vir 'n varkie weghardloop. Hier en daar chromaties.

DIE VROLIKE EENDJIES - F.M.Fiveash
Die eendjies sing terwyl hulle in die dam plons en duik. Heelwat ritme-veranderings.

DRAKE HOU VAN SUIGSTOKKIES - J.F.Spies
As jy uit die moeilikheid wil bly met 'n draak, moet jy hom aanhoudend voer! Middelste gedeelte in mineur-toonaard met effense chromatiek.

KLIPPETIE-KLOP - D. Brits
Vrolike ryliedjie met wisseling van tydmaat en toonaard in middel. Herhaling van eerste gedeelte met woorde wat omgekeer is om die ruiter weer tuis te bring.
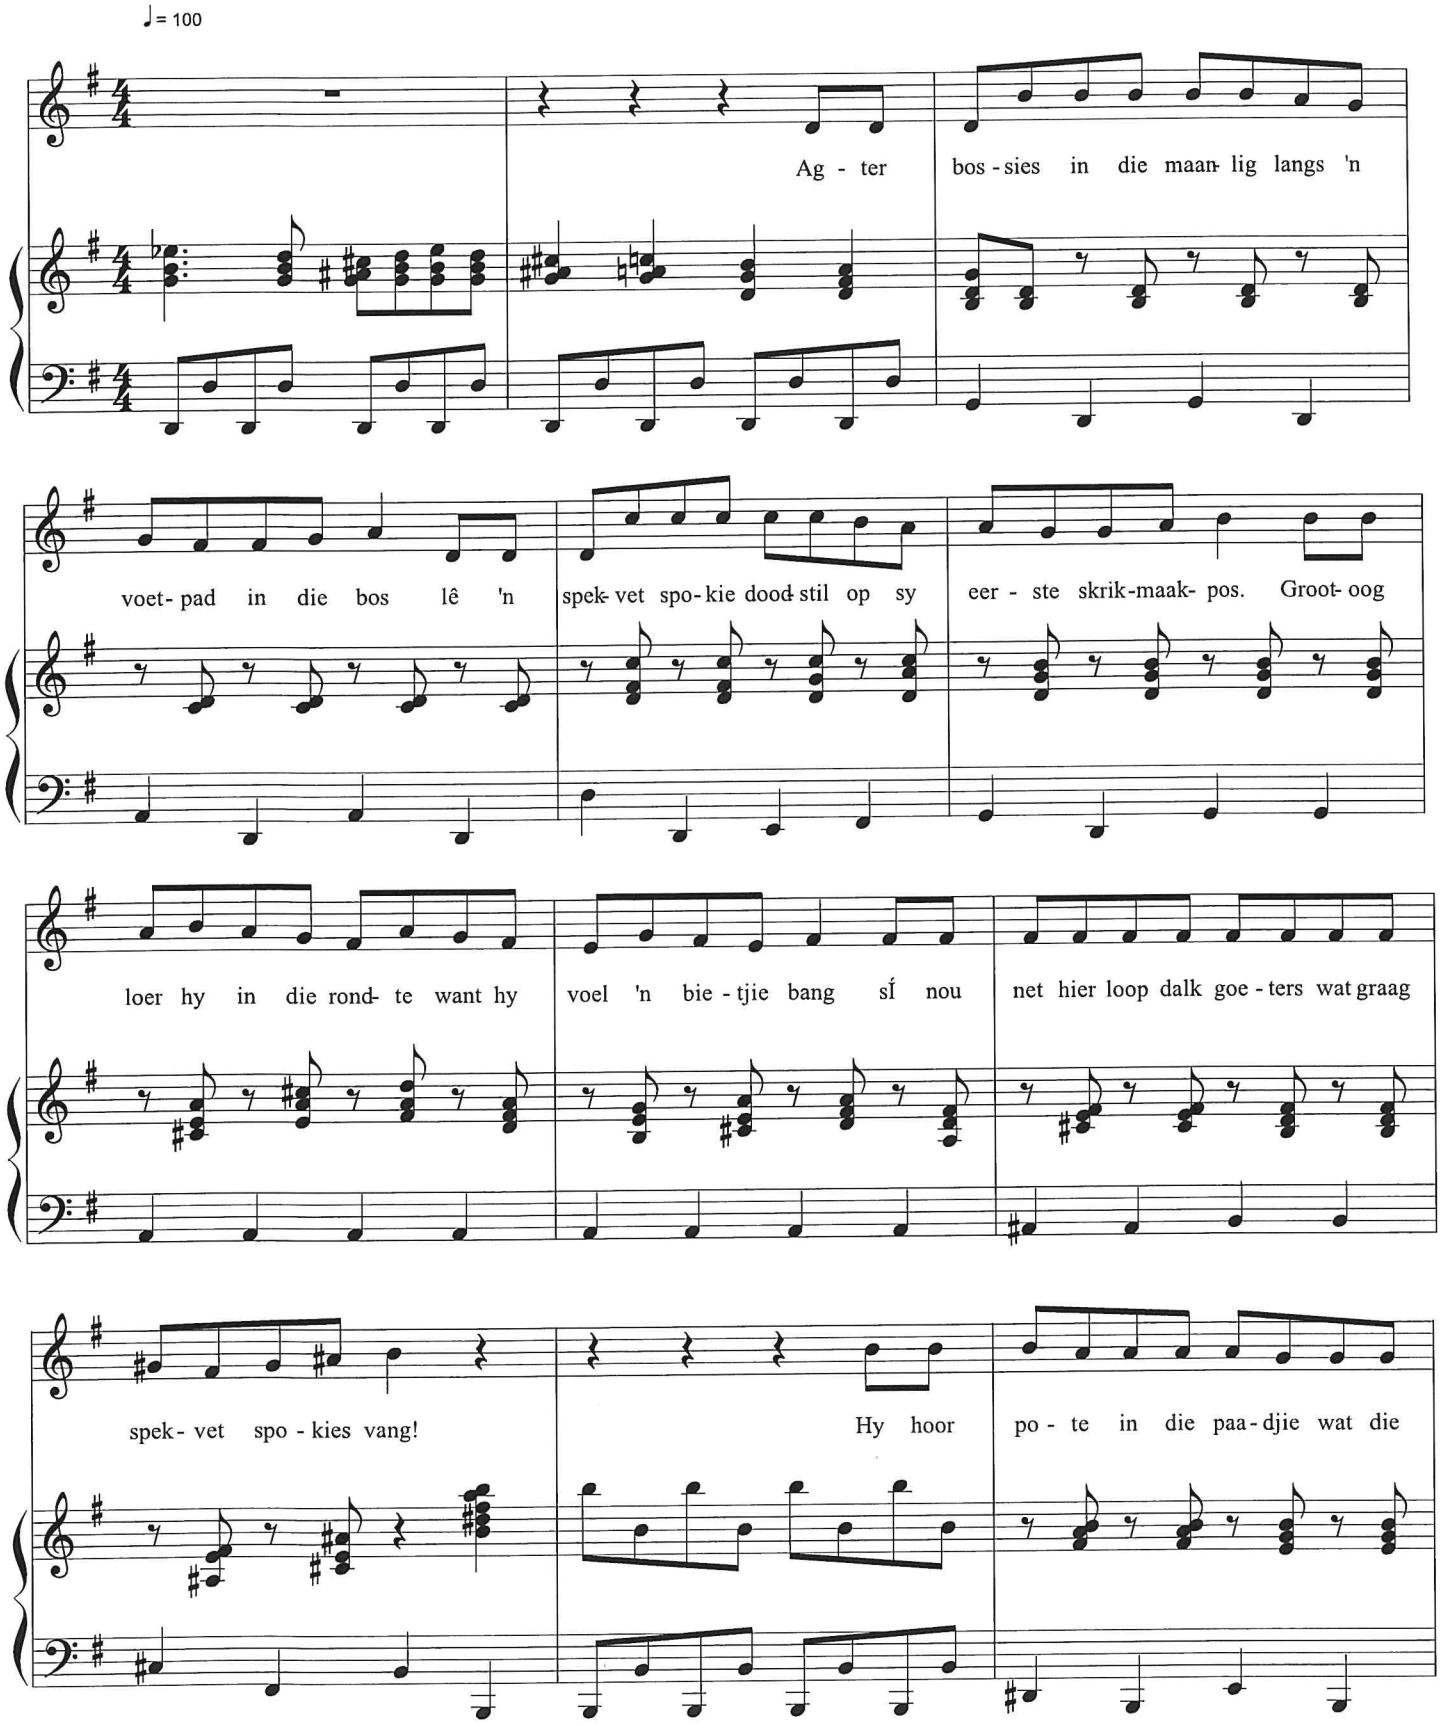

KRY VIR JOU 'N DINOSOURUS - J. Jacobs 'n Dinosaurus is net die ding as jou lewe eentonig is en jy vir opwinding by die skool wil sorg! A-B-A vorm

ORLAPANT - B. Kotzè
Die storie van 'n olifant wat so baie eet dat hy maagpyn kry. Middelste gedeelte in mineur-toonaard.

SUZETTE DIE FRAAIE SPINNEKOP - M. Scheepers
'n Spinnekoppie verbeel haar sy is van Franse afkoms en maak klere vir feetjies en kabouters wat hulle dan vreeslik deftig hou en probeer Frans praat. Twee verse met hier-en-daar aksie van sangertjies (buig en neusoptrek vir mekaar) en paar Franse uitdrukkings, wat die regte uitspraak moet hê.

WALVISLIED
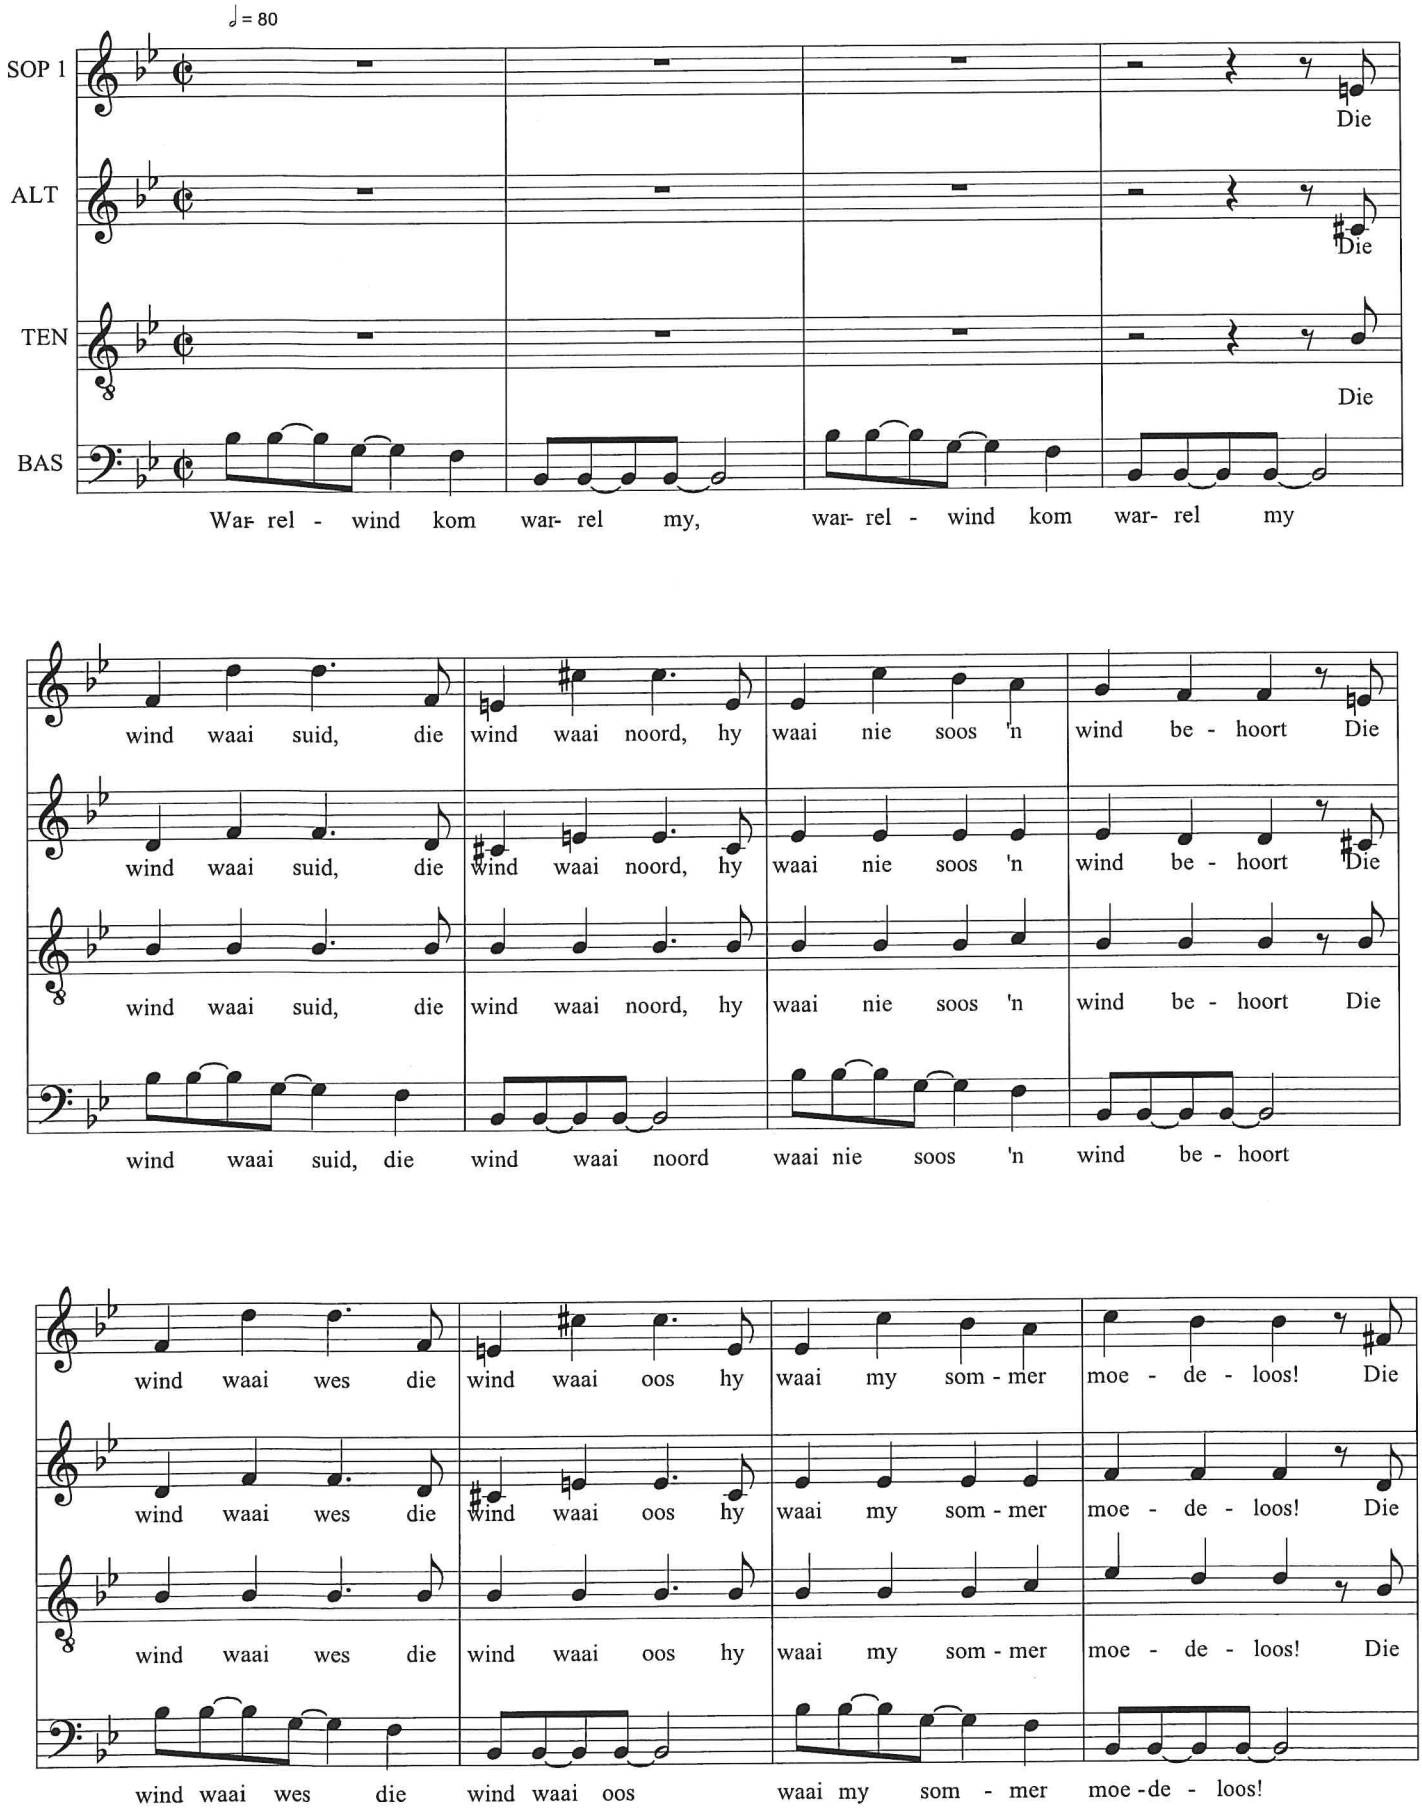

Woorde: Martjie Bosmar
Musiek : D. Brits

Enkele koorlede begin voor die aanvang van die lied met 'n paar (sowat ses) gedempte gedempte individuele "whoop whoop" walvisgeluide. Hande kan voor mond gebruik word om diepte na te boots. Geluide moet verskillende toonhoogtes, lengte en dinamiek hÍ en moet mekaar afwissel.
Die dirigent moet aan die begeleier aandui wanneer om te begin speel en walvisgeluide raak dan al hoe minder en m heeltemal staak een maat voordat die soprane en alte begin sing.
Die klavier moet die deining van die see naboots.
